## Scissor Lift Trolleys

These units help take the strain out of loading and unloading items from raised levels. The table is elevated by a pump action foot pedal and smoothly lowered by a hand operated release trigger. The double scissor model, gives the added advantage of elevating loads of up to a height of 1575mm.

- Foot operated hydraulic operation
- Lever release control
- Safety overload bypass valve
- Positive braking system on rear wheels
- Durable powder-coated finish
- Stepless rate of lowering regardless of load weight
- The 150kg version has a foldable handle as per image

## Bishamon Pneumatic Rotating Pallet Positioner - EZ LOADER

**The most advanced pallet positioner available!**

- EZ Loaders are designed to eliminate worker bending by automatically raising and lowering pallets during loading or unloading without the use of mechanical springs, motors or hydraulics.
- The new EZ loader can now handle a wide range of weight capacities from 110 kilos to 1800 kilos.
- The EZ Adjust knob - a three position knob that allows adjustment of the collapsed capacity without changing the air pressure.
- EZ Loaders also allow easy pallet rotation for near-side loading so the worker does not have to reach or strain.
- As the load weight changes, the EZ Loader automatically adjusts, keeping the top of the load at a convenient working height.
- The patented pneumatic system found only on the EZ Loader has proven to be the choice of industry professionals worldwide.
- Load Capacity: 110-1800kgs
- Low Height: 267mm
- Max Height: 775mm
- Base Frame Size: 617x1245mm

EZ adjust knob provides up to 550kgs of capacity adjustment with the turn of a knob

Patented self-contained pneumatic system offers unsurpassed performance

Rollers are entrapped in the base frame and platform for added stability

## 100kg Battery Electric Work Positioner

- A range of highly manoeuvrable, lightweight lifts, designed to take the strain out of any lifting job from ground level to over shoulder height
- Ideal for use in narrow aisles and confined spaces. Perfect for all applications from pharmaceutical to catering, from packing line to food processing.
- Automatic electric overload protection system ensures safe operation
- Quick change attachment options available
- EN1757 compliant. CE marked
- Battery electric with built in charger that you can plug in anywhere
- Load Centre: 235mm
- Overall Size: 600mm wide, 890mm long, 1990mm high
- 24v, 7.2Ah battery
- Load Capacity: 100kg
- Platform Size (DxW): 470x660mm
- Low Height: 130mm

## Galvanised Spring Loaded Rotating Pallet Table

- The pallet elevator keeps the active layer of the load at or above waist height, eliminating bending and lifting.
- It proves highly effective at reducing the incidences of repetitive strain and back injury.
- The construction of the pallet elevator is a scissor type action with varying springs which can be adjusted for different load capacities up to 2000 kg.
- Turntable allows the operator to rotate the load with minimal stretching and reaching.
- No ground fixing required
- Load Capacity: 2000kg
- Table Diameter: 1110mm
- Low Height: 230mm
- Max Height: 705mm
- Base Size: 915x935mm
- Finish: Galvanised

## MobiCrane Portable Vacuum Lifter - 3 Meter Arm

- MobiCrane is designed for mobile and fixed overhead handling of sheet material, sacks, boxes and bespoke products up to 65kg using a range of lifting manipulators including vacuum lifting with standard and bespoke grippers.
- There are a number of lifting device attachments available including mechanical, magnetic or vacuum lifting grippers, suction cups and custom made handling tools.
- This overhead handling application is adaptable to changing requirements and offers flexibility to adjust the MobiCrane to suit your applications.
- Max Load at 3m arm length: 65kg
- Adjustable Tower: Max lifting height: 2716mm (with tower in highest position) Min lifting height: 1816mm (with tower in lowest position)
- Jib arm length/working area: 3 metres (26.6m<sup>2</sup>)
- Operation: Battery Electric motor lift operation with adjustable lift/ lowering speed Vacuum operated by compressed air.
- This particular unit is supplied with the bellow-cups as pictured below which can be adjusted to suit different size objects to lift.
- Easy to move around with pallet truck or forklift
- Quick and easy to use - simply plug in a compressed air line and its ready to go
- Can be used on battery electric power then recharge when not in use

## Crane / Forklift Spreader Beam

The type FL2439 Spreader Beam is a unique multitasking Beam which can be used by Crane or Forklift to lift long loads. Using a Crane, loads can be lifted via the centre single hook point (as a 'Lifting Beam'), or end lifted using a 2 leg Chain Sling (as a 'Spreader Beam'). If lifting by forklift, the 600mm long slipper pockets allow for fast and safe connection to the truck.

The Spreader Beam load connection points are adjustable to 3 positions by moving the extendable arms each end. Both extendable arms are locked into position via safety pins. The unit is supplied standard with a safety swivel hook each end.

The extendable arms are zinc plated with the main body painted in 'safety orange'.

- Rated Capacity (RC Max.): 9000kg
- Load Centre (LC): 2405mm
- Unit Weight: 172kg
- F/Lift HCG: 300mm

## Drop Bottom Bin (with mesh sides)

- These drop bottom bins are a heavy duty bin made for all types of waste
- Ideally suited to the recycling industry, the cage can be lifted by either a forklift or crane
- Emptying is carried out by pulling the draw rope handle which allows the floor to drop open from one side allowing complete emptying with a shock absorbing system to avoid impact to the forklift or crane during emptying
- Pull-rope release mechanism for bottom discharge
- Safe Working Load: 1000kg
- Mesh sides with sheet metal base
- Fork Pocket Size: 160x65mm
- Fork Pocket Centres: 784mm
- Volume approx 1500L
- Bin size to outside of frame approx 1540mm x 950mm x 1350mm high
- Durable Zinc finish
- Unit weight: 145kg

## 7 Drawer Industrial Tooling Cabinet

- Heavy duty tooling cabinets, ideal for heavy duty industrial applications
- The sliding drawers are a welded strengthened single rail design coupled with high quality mechanical bearings for long lasting smooth operation
- Each drawer is rated at 100kg load capacity with 97% drawer access
- Single key lock design for safe storage. Each drawer has a mechanical safety lock which allows one drawer to be opened at a time, preventing the cabinet from tipping over
- All drawers come with adjustable steel dividers

## Heavy Duty Industrial Work Bench

- Heavy duty steel industrial work bench with optional back board panel and lockable drawer set
- This work bench has a 1000kg bench capacity
- Comes standard with adjustable feet for levelling on uneven floors
- Finish: Powdercoated light grey
- Drawer Capacity: 100kg per drawer
- Metal peg and louvre panel is great for storing parts bins and tools and bottom tray for additional off-bench storage space
- Bench Length: Available in 1800mm and 2100mm
