The Edge – Electric Pallet Truck

LIFTEX
MATERIALS HANDLING EQUIPMENT
EDGE

- The function of driving with the handle in the vertical position helps when working in confined areas and with a short body length of only 380mm makes the truck extremely compact and ideal for use in retail stores, elevators and delivery vehicles.
- The handle of the truck is supported by an air spring and the handle returns to its vertical position smoothly.
- Strong and compact structure ensures extreme durability but with an overall unit weight of only 123kg
- The Edge pallet truck comes standard with a built in security function where a pin can be set and the pallet truck can only be used once the pin is entered making it ideal for use in retail stores only giving authorised staff members use of the machine.
- Emergency stop button with a horn and reverse signals
- Electric drive and electric lifting and lowering of the pallet.
- The Edge is equipped with a maintenance-free 24V/24Ah Lithium battery with optional different capacities for various applications; with its fast charging feature the Edge works as easy as a hand pallet truck and virtually maintenance free. The battery weighs only 4.6kgs making it ideal for quick battery change over so there is no downtime with charging.
 - Load Capacity: 1500kg
 - Length of Tines: 1185mm
 - Polyurethane wheels
 - Lowered Height: 80mm
 - Overall Length of Pallet Truck: 1530mm
 - Overall Width: 685mm
 - Travel Speed (loaded/unloaded): 4.6/5.8 km/h
 - Electromagnetic brake

Capacity up to **1500 kg** and ability to overcome ramps up to **4/16%** (loaded/unloaded) makes the truck suitable for work in loading docks and on delivery operations in different conditions

Bishamon Pneumatic Rotating Pallet Positioner – EZ Loader

The most advanced pallet positioner available!

- EZ Loaders are designed to eliminate workers bending by automatically raising and lowering pallets during loading or unloading without the use of mechanical springs, motors or hydraulics.
- The new EZ loader can now handle a wide range of weight capacities from 110 kilos to 1800 kilos.
- The EZ Adjust knob - a three position knob that allows adjustment of the collapsed capacity without changing the air pressure.
- EZ Loaders also allows easy pallet rotation for near-side loading so the worker does not have to reach or strain.
- As the load weight changes, the EZ Loader automatically adjusts, keeping the top of the load at a convenient working height.
- The patented pneumatic system found only on the EZ Loader has proven to be the choice of industry professionals worldwide.
- Load Capacity: 110-1800kgs
- Low Height: 267mm
- Max Height: 775mm
- Base Frame Size: 617x1245mm

Bishamon Pneumatic Rotating Pallet Positioner – EZ Loader X

- Bishamon automatic work positioners are the modern way to manually load and unload pallets.
- They improve efficiency and reduce injury by bringing the level and location of the top of the load closer to the person doing the work.
- Pallet loading and unloading time can be reduced by 40%, thereby substantially increasing productivity
- Self leveling design automatically keeps the top of the load at a convenient working height
- Rotator ring with integral finger guard eliminates reaching and stretching
- Secured ball bearing centre pivot of the 1092mm diameter rotator ring provides smooth, even rotation
- EZ Loaders arrive at your facility fully assembled - just add air!
- Rotator Ring Diameter: 1092mm
- Lowered Height: 249mm

Crane / Forklift Spreader Beam - 9.0 Tonne

The type FL2439 Spreader Beam is a unique multitasking Beam which can be used by Crane or Forklift to lift long loads. Using a Crane, loads can be lifted via the centre single hook point (as a 'Lifting Beam'), or end lifted using a 2 leg Chain Sling (as a 'Spreader Beam'). If lifting by forklift, the 600mm long slipper pockets allow for fast and safe connection to the truck.

The Spreader Beam load connection points are adjustable to 3 positions by moving the extendable arms each end. Both extendable arms are locked into position via safety pins. The unit is supplied standard with a safety swivel hook each end.

The extendable arms are zinc plated with the main body painted in 'safety orange'.

- Rated Capacity (RC Max.): 9000kg
- Load Centre (LC): 2405mm
- Unit Weight: 172kg

Electric Expanding Roller Conveyors

- Simply plug in and go, this powered electric roller conveyor is great for carrying boxes and items uphill where gravity may not be achievable
- This conveyor is flexible and expands from 1500mm to 4000mm and can be joined to make one continuous powered conveyor system
- Great for loading and unloading containers
- Easy and quick setup with adjustable height legs and 125mm brake castors on every leg
- Quiet operation 240V AC motor with forward and reverse action and adjustable roller speed
- Capacity: 120kg per metre
- Length Retracted: 1500mm
- Length Expanded: 4000mm
- Height Range: 690 - 1000mm

Orbitwrap 1000 Semi-Auto Stretch Wrapping Machine

The ORBITWRAP machines have been designed and built with economy, efficiency and safe operation in mind.

Freight and installation not included in pricing. Please contact us to obtain a quote

These stretch wrapping machines will give you all of the features you need to wrap pallet loads quickly and efficiently. The OR-1000 can dramatically increase efficiency and profitability through lower film cost per load compared to manual (hand) stretch wrapping.

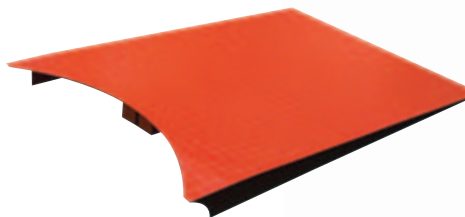

- Forklift relocation slots for easy machine transportation
- Automatic and manual wrapping programs
- Includes ramp for pallet truck access
- User friendly 'Soft Touch' controls
- Eliminate the need for labour-intensive, inefficient manual hand wrapping
- Rugged steel construction for long-term reliability

Standard Features

- Electronic screen with 'Soft Touch' control
- Variable film carriage and turntable speeds
- Forklift relocation slots
- Photocell eye for automatic height detection
- Automatic and Manual wrapping programs
- Soft-start and stop turntable drive
- Ramp can be fixed to the table at 3 different angles
- Includes pallet truck access ramp
- Adjustable friction brake stretch system
- Heavy-duty industrial chain driven turntable
- Safety crush prevention device fitted to carriage
- Standard 12 month warranty

Technical Data

Max height of wrapping:	2200 mm
Ramp Size:	1070x1325mm (WxL)
Max pallet size:	1200 x 1200 mm
Turntable diameter:	1520 mm
Turntable speed:	1-10 RPM
Stretch film size:	500 mm
Load capacity:	1500 kg
Power supply:	240v, single phase
Warranty:	1 Year
Machine weight:	450 kg

Removable ramp is supplied with all machines
