Compact Ride-On Electric Tug

- The Liftex ride-on compact electric tug is the ultimate manual handling solution designed for goods transport for trolleys and anything that is difficult to push or pull around in the hospital, aged care and industrial warehouse environments.
- The Liftex Materials Handling Electric Towing Tug is a ride-on unit that doesn't compromise its small size for a ride. Its compact size allows it to be effective in confined spaces, whilst being able to turn on its self. With a very low centre of gravity, the risk of tipping is greatly reduced.
- Its two front steer wheels create exceptional stability across many rough surfaces.

Bishamon Pneumatic Rotating Pallet Positioner – EZ Loader

The most advanced pallet positioner available!

- EZ Loaders are designed to eliminate workers bending by automatically raising and lowering pallets during loading or unloading without the use of mechanical springs, motors or hydraulics.
- The new EZ loader can now handle a wide range of weight capacities from 110 kilos to 1800 kilos.
- The EZ Adjust knob - a three position knob that allows adjustment of the collapsed capacity without changing the air pressure.
- EZ Loaders also allows easy pallet rotation for near-side loading so the worker does not have to reach or strain.
- As the load weight changes, the EZ Loader automatically adjusts, keeping the top of the load at a convenient working height.
- The patented pneumatic system found only on the EZ Loader has proven to be the choice of industry professionals worldwide.
- Load Capacity: 110-1800kgs
