Materials Handling, Workplace & Safety Equipment

#### **ABOUT US**

Here at MHA (Manual Handling Australia), we have the largest range of manual handling & workplace materials handling equipment in Australia. This includes thousands of workplace & storage items suited to every workplace as well as lifting equipment and trolleys for every application. Our products are designed to eliminate or reduce manual handling effort in the workplace to improve productivity whilst ensuring workplace safety.

MHA has spent countless hours over the years on product development & sourcing to provide a fast, safe & efficient service for your workplace. We have branches located in Sydney, Brisbane & Melbourne with our services offered nationally from these locations.

MHA sources products globally & sells them direct meaning there is no middle man or middle margin added, giving you the best possible price with faster service. We also offer customised solutions with trolleys, lifters & many other materials handling equipment to ensure you have the perfect product to improve the safety & efficiency of your workplace.

As a family owned company operating for over 25 years, dealing with us means dealing with someone who cares. It is our mission to exceed your expectations by doing that extra bit to make our customers happy.

We have over 3000 products in this catalogue & you can find more information including images, details & videos on our website at mhaproducts.com.au. If you would like a technical sales person to visit your site just give us a call or send us an email to arrange a suitable time.

Not only do we stock a vast range of standard products, but we can also manufacture custom items to suit your specific requirements. If you are unable to find what you're looking for, simply let us know! We will tailor & design a product which meets your needs from anything such as specialised trolleys, stillage/storage cages, scissor lift tables, conveyor systems, drum handling equipment etc.

MHA is dedicated to providing you with the highest quality products at the best possible price with the best possible service. With a long & trusted reputation in the industry, MHA is a name you can rely on.

We look forward to servicing your requirements & assisting with improving the overall safety & efficiency of your workplace.

#### V-Cart Folding Plastic and Aluminium Trolley

- The V-Cart is a collapsible trolley that can be used for hundreds of applications.
- It is ideal for use in the workplace, schools, home, office, hospitals, courier services, shopping malls, nursing homes an much more!
- It can be completely collapsed by the push of a button on the handle. The wheels are able to be removed by the push of a button and stored underneath for compact transport and storage.

The V-Cart is supplied with one collapsible basket which will lock into place on either the top or bottom platform.

The top platform can be folded back to allow larger items to be transported if required.

Features support bars that give added stability to the top platform

Extra baskets are available for use on both platforms or up to 4 baskets can be stacked on the bottom platform.

A robust foot pedal brake allows the V-Cart to be locked in position whilst loading or unloading.

The injection moulded plastic and aluminium design means that whilst the V-Cart is lightweight it is still very robust and has a great carrying capacity.

The basket fits foolscap suspension files, which is great for transporting documents throughout the office.

The V-Cart can also be used with our standard No.7, No.10.No.15 tubs

#### Nally Plastic Mega Bins (Vented & Solid)

The Nally MegaBin is the original Australian bulk bin. Designed for fruit and vegetable movement and retail high performance the Nally MegaBin is clearly the way of plastic bins in Australia.

Rounded corners and smoother interior surfaces results in less bruising and damage to your produce. Multiple vents in sides and base provide superior airflow so products cool faster adding valuable shelf life to your produce. The smooth, non-absorbent surface will not harbour or transfer mould, bacteria or disease carrying organisms.

Nally Megabins are up to 40% lighter in weight than wood bins and the weight is constant as they don't absorb moisture. This allows for increased freight efficiencies of 4-5%. In practice you are able to transport 2-3 extra bins of fruit per semi-trailer load.

- Available in both solid and vented
- Standard pallet size (1165mm x 1165mm)
- Fits on standard pallet racking
- Maximum load capacity: 500kgs

## **Pallet Racking End Protectors**

Pallet Racking End Protectors are a highly effective solution for preventing damage to racking and inventory by forklifts.

No matter how good your forklift drivers are, there will always be sometime when an accident or mistake happens when they crash into the pallet racking. You can avoid major injuries and pallet rack damage by installing these protection guards.

Damage and failure not only cause serious safety issues but disassembling, repair, reassembling and reloading of pallet racks add significantly to running costs.

#### **Heavy Duty Rubber Wheel Chock**

- The Heavy Duty Rubber Wheel Chocks are designed to prevent unintentional movement of vehicles, especially when they are parked or stationary.
- These Wheel Chocks can be used for various applications such as maintenance, loading/unloading, truck/trailer parking, boat trailers, construction sites.
- Manufactured from 100% recycled rubber
- Superior constuction ensures the wheel chocks will not warp, crack, chip or rot
- Rope Material: Yellow Darcon
- Rope Length: 1000mm
- These Wheel Chocks are sold as 2/carton

#### Floor Brush with Squeegee

This set is extremely versatile, not only allowing you to sweep your workshop for debris and dust but to also scrub it for liquid spills etc.

- 600mm Floor brush with Squeegee
- Durable 25mm Powder coated Steel Handle
- 60mm long Synthetic Bristle
- Overall Size: 590x100x1420mm

# **Manual Push Floor Sweeping Machine**

· Ideal for sweeping factory floors, carparks, footpaths, entry ways etc

• Independent rolling brushes prevent waste fallback

Sweeper works by simply being pushed along which activates the roller and brushes

Waste is picked up by the the roller and brushes and pushed into the waste container located under the main cover

Waste container is removable allowing for easy tipping into another bin

#### **Low Profile Pallet Lift Tables**

- Many applications require the regular loading and unloading of palletised goods.
- Repetitive lifting and stretching can be time consuming and hazardous.
- Using pallet lift tables elevates pallets to the optimum lift height reducing the risk of repetitive strain injury and increasing productivity.
- Supplied with entry ramp to allow pallet truck entry
- Can be supplied with optional rotator ring
- Tables are specially made for handling pallets, no need for a pit or load ramps
- Upper platform fitted with safety perimeter to prevent descent on contact with obstructions
- 24v control box with UP and DOWN buttons and emergency stop
- External power pack equipped with a relief valve against overloading and a compensating flow valve for controlling lowering speed
- Power Supply: 240v (3 phase 415v available if required)
- Hose burst safety valve to stop the lift table lowering in case of hose breakage
- Removable lifting eyes to facilitate handling and installation of the lift table
- Oil-less bushings on pivot points

#### **Electric Scissor Lift Tables**

Lift tables can be applied in many work places to increase productivity and safety. Loads can be elevated or lowered to optimum heights at the push of a button.

- Heavy duty design and construction
- · High quality European power packs
- · Suitable for on floor applications or in floor pit applications
- · Self lubricating bushings on pivot points
- Removable lifting eyes to facilitate installation and maintenance
- 240V power supply (3 phase available as an option)
- Upper platform fitted with aluminium safety bar preventing descent on contact with obstructions
- Low volt (24v) control box with up-down buttons.
- Internal power pack equipped with relief valve against overloading and compensated flow valve for controlled lowering speed
- Heavy duty cylinders with drainage system and check valve to stop the lift table lowering in case of hose burst
- Safety clearance between scissors to prevent trapping during operation.
- Push button pendant control with up, down and emergency stop

#### **Bishamon Pneumatic Rotating Pallet Positioner**

#### (For Varying Pallet Weights)

The most advanced pallet positioner available!

- EZ Loaders are designed to eliminate worker bending by automatically raising and lowering pallets during loading or unloading without the use of mechanical springs, motors or hydraulics.
- The new EZ loader can now handle a wide range of weight capacities from 110 kilos to 1800 kilos.
- The EZ Adjust knob a three position knob that allows adjustment of the collapsed capacity without changing the air pressure.
- EZ Loaders also allow easy pallet rotation for near-side loading so the worker does not have to reach or strain.
- As the load weight changes, the EZ Loader automatically adjusts, keeping the top of the load at a convenient
- The patented pneumatic system found only on the EZ Loader has proven to be the choice of industry professionals worldwide.

EZ adjust knob provides up to 550kgs of capacity adjustment with the turn of a knob

Patented self-contained pneumatic system offers unsurpassed performance

Rollers are entrapped in the base frame and platform for added stability

#### **Spring Loaded Rotating Pallet Tables**

- The pallet elevator keeps the active layer of the load at or above waist height, eliminating bending and lifting.
- This pallet elevator can be moved with a standard Pallet Truck
- It is proving highly effective at reducing the incidences of repetitive strain and back injury.
- The construction of the pallet elevator is a scissor type action with varying springs which can be adjusted for different heights
- Turntable allows the operator to rotate the load with minimal stretching and reaching.
- No ground fixing required
- Available in Galvanised or Powder Coated finishes
- Fork Pocket Centres: 615mm

# Compact Ride-On Electric Materials Handling Tug

The Liftex ride-on compact electric tug is the ultimate manual handling solution designed for good's transport for trolleys and anything that is difficult to push or pull around in the hospital, aged care and industrial warehouse environments.

The Liftex Materials Handling Electric Towing Tug is a ride-on unit that doesn't compromise its small size for a ride. Its compact size allows it to be effective in confined spaces, whilst being able to turn on its self. With a very low centre of gravity, the risk of tipping is greatly reduced. Its two front steer wheels create exceptional stability across many rough surfaces.

# Crane / Forklift Spreader Beam

Using a Crane, loads can be lifted via the centre single hook point (as a 'Lifting Beam'), or end lifted using a 2 leg Chain Sling (as a 'Spreader Beam').

If lifting by forklift, the 600mm long slipper pockets allow for fast and safe connection to the truck. The Spreader Beam load connection points are adjustable to 3 positions by moving the extendable arms each end. Both extendable arms are locked into position via safety pins.

The unit is supplied standard with a safety swivel hook each end. The extendable arms are zinc plated with the main body painted in 'safety orange'.

### Side Shift Drum Palletiser

• The Side Shift Drum Palletiser is specially designed for moving drums and barrels from any position on a pallet.

 It uses a sliding side-shift arrangement allowing it to even be used for moving containers and drums placed in the centre of a pallet.

 The palletiser straddles the pallet and only requires access to one side, thus allowing pallets in confined areas to be kept against the wall even when unloading.

 When moving the drum onto another pallet, scales or the floor, the drum can also be moved to either side using the side-shift arrangement

 This unique design side shift drum palletiser can pickup drums from any position on the pallet, skid or bund -straddles beside and over the pallet

Suitable for both steel and plastic drums

 The operator requires only 12kg of force on the handle to lift a 300kg drum

IN APPLYING FOR CREDIT, I AGREE ON MY/THE CUSTOMERS BEHALF, TO MHA Products's GENERAL TERMS AND CONDITIONS WHICH ARE WRITTEN ON THE FOLLOWING PAGE.

#### **GENERAL TERMS AND CONDITIONS**

- 1. SELLER means MHA PRODUCTS ABN 38 368 064 476 and BUYER means the Buyer whose order for the purchase of goods is accepted Selle
- 2. ACCEPTANCE OF BUYER'S ORDER: These terms and conditions shall apply to every sales contract and sale of goods between Se er and Buyer; any terms and conditions of Buyer's order deviating from or inconsistent with these Terms are expressly rejected by Seller. This rejection also extends to any statements by Buyer that Buyer's terms and conditions shall

prevail and to any stipulation by Buyer as to the manner of declaring such rejection. A contract shall only be or be deemed to have been entered into between Seller and Buyer for the supply of goods when, upon an order having been placed upon Seller for goods, that order has been accepted by Seller. (Such acceptance of order may be made and communicated by Seller in writing or by overt act of acceptance.) The provisions of this clause 2 shall apply to every quotation or offer by Seller for the supply of goods.

- 3. PRICES: All prices are listed in our quotations and website exclude 10% GST. Prices listed and/or quoted are subject to ange or alteration without notice. Quotations are to be treated as estimates only and subject to withdrawal, correction or alteration at any time before acceptance of Buyer's order by Seller.
- 4. INSURANCE: Buver is responsible to effect whatever insurance cover he requires at his expens
- 5. PRODUCTS: Products pictured in our product catalogue or on our quotations are to be used as a guide only. Products may b substituted for as close as possible equivalent if they become unavailable.
- 6. FREIGHT PRICES: Standard freight prices are calculated on our website to your postcode. Extra freight charges will apply or bulky, large or long items however we will confirm this with you prior to processing your order. Freight charges to regional and all other areas may have some additional fees.
- 7. PAYMENTS: Payments can be made via credit card or direct deposit. If the Seller shall extend credit to Buyer, payment f all goods sold will be within thirty (30) days from the last day of the month in which each delivery was made. Interest shall be payable by Buyer on all amounts overdue to Seller at the rate of two (2) per centum per month. Buyer is liable for all expenses incurred by Seller in recovering the debt.
- 8. CANCELLATION: Orders accepted by the Seller cannot be countermanded or delivery deferred or goods returned except with t written consent of Seller and upon terms that

reimburse and indemnify Seller against all loss including cartage, bank charges and other incidental expenses on any part of the order that is cancelled. Where Seller agrees to accept goods for return a re-stocking charge of 20% may apply of the price of the goods returned.

- 9. ACCEPTANCE OF CLAIMS: Acceptance of the goods delivered shall be deemed for all purposes to have taken place at the expi tion of seven (7) days from the date of each delivery.
- 10. DELIVERY AND RISK: Unless the Buyer has requested Seller to make special delivery arrangements the risk in respect of goods shall pass to the Buyer upon delivery to the Buyer's premises or the nominated carrier's depot. The Buyer shall provide or cause to be provided full and clear access for delivery and will at its own expense provide all necessary

assistance in unloading the goods at the nominated place of delivery. Seller will not in any circumstances accept liability for damage, shortage or loss during transit. If delivery of the goods by Seller is delayed for a cause other than its own negligence the Buyer shall be liable for extra charges, losses or expenses incurred by Seller and the Buyer shall not be entitled to cancel the order by reason thereof.

- 11. SPECIAL ORDERS: Buyer will place order in writing to Seller for non-standard and customised items. Seller will not ac t return of these items unless the manufacturer agrees to accept return from Seller. Seller may deduct transport handling and restocking charges of 20% of the price of the goods from the credit due to Buyer.
- 12. RISK AND PROPERTY: The risk in the goods or services sold shall pass to Buyer at the point of delivery. This shall al apply to any partial delivery of goods. If delivery of goods is delayed due to any circumstances beyond the control of Seller the risk passes to Buyer on the day regarded as date of delivery. The Seller accepts no responsibility for the misuse or

improper use of goods or products supplied. The Buyer accepts the full responsibility for any damage or injury either to property or persons caused by the products or services supplied by the Seller.

- 13. PERSONAL PROPERTIES SECURITIES ACT 2009 (PPSA): The Buyer hereby acknowledges that these Terms and Conditions of Trade stitute a security agreement which creates a security interest in favour of the Seller in all Goods previously supplied by the Seller to the Buyer (if any) and all after acquired Goods supplied by the Seller to the Buyer (or for the Buyer's account) to secure the payment from time to time and at a time, including future advances. The Buyer agrees to grant a "Purchase Money Security Interest" to the Seller. The Buyer acknowledges and agrees that by assenting to these terms the Buyer grants a security interest (by virtue of the retention of title clause in these Terms and Conditions of Trade) to the Seller and all Goods previously supplied by the Seller to the Buyer (or for the Buyer's account) and these terms shall apply notwithstanding anything express or implied to the
- contrary contained in the Buyer's purchase order. The Buyer undertakes to;
- (i) sign any further documents and/or provide any further information (which information the Buyer warrants to be complete, accurate and up -to-date in all respects) which the Seller may reasonably require to enable registration of a financing statement or financing change statement on the Personal Property Securities Register ("PPSR"); (ii) not register a financing change statement of the PPSA or make a demand to alter the financing statement pursuant to the PPSA in respect of the Goods without the prior written consent of the Seller.
- (iii) give the Seller not less than 14 days written notice of any proposed change in the Buyer's name and/or any other changes in the Buyer's details (including by not limited to changes in the Buyer's address, facsimile number, email address, trading name or business practice);
  (iv) pay all costs incurred by the Seller in registering and maintaining a financing statement (including registering a financing change statement) on the PPSR and/or enforcing
- (iv) pay all costs incurred by the Seller in registering and maintaining a financing statement (including registering a financing change statement) on the PPSR and/or enforcing or attempting to enforce the security interest created by these Terms and Conditions of Trade including executing subordination agreements;
  (v) be responsible for the full costs incurred by the Seller (including actual legal fees and disbursements on a solicitor and client basis) in obtaining an order pursuant to
- (v) be responsible for the full costs incurred by the Seller (including actual legal fees and disbursements on a solicitor and client basis) in obtaining an order pursuant to section 182 of the PPSA; and the Buyer waives any rights it may have under sections 115 of the PPSA upon enforcement. Pursuant to section 157 of the PPSA, unless otherwise agreed to in writing by the Seller, the Buyer waives the right to receive the verification statement in respect of any financing statement or financing change statement relating to the security interest. The Buyer agrees that immediately on request by the Seller the Buyer will procure from any persons considered by the Seller to be relevant to its security position such agreement and waivers as the Seller may at any time require.
- 14. DELIVERY TIME: Seller may deliver the goods by instalments or partial shipments and Buyer will accept each delivery. uirements of Buyers shall not be a condition or of the essence of the sale. Seller shall be under no liability for direct or consequential loss or damage to Buyer arising from delay or postponement in delivery.
- 15. WARRANTY: Goods sold shall only have the benefit of a manufacturer's warranty if the purchaser has complied with the manufacturer's instructions in relation to maintenance and operation of the goods sold. Sellers liability in respect of a breach of a consumer guarantee for any goods not of a kind ordinarily acquired for personal, domestic or household use is limited to, to the extent permissible by law and at the Seller's option in relation to the goods.
- (i) The replacement of the goods or the supply of an equivalent;
- (ii) The repair of the goods;
- (iii) The payment of the cost of replacing the goods or acquiring equivalent goods, or the payment for the cost of having the goods repaired. The exemption, limitations, terms and

conditions in these Terms apply whether or not the loss or damage is caused by negligence or actions constituting fundamental breach of contract. The Seller is not otherwise liable for any direct, indirect or consequential loss or damage howsoever arising or occurring, whether founded in tort, contract, statute or otherwise. Goods returned by Buyer to Seller for repair will be free of all charges to Seller and at Buyer's risk.

- 16. NO IMPLIED SERVICE: The Buyer acknowledges that excepting as provided by law this agreement does not entitle the Buyer to demand to receive from us any site inspection or service of the goods supplied, delivered and installed if applicable.
