Orbitwrap 1000 Semi-Auto Stretch Wrapping Machine

The ORBITWRAP machines have been designed and built with economy, efficiency and safe operation in mind.

These stretch wrapping machines will give you all of the features you need to wrap pallet loads quickly and efficiently. The OR-1000 can dramatically increase efficiency and profitability through lower film cost per load compared to manual (hand) stretch wrapping.

- Forklift relocation slots for easy machine transportation
- Automatic and manual wrapping programs
- Includes ramp for pallet truck access
- User friendly 'Soft Touch' controls
- Eliminate the need for labour intensive, inefficient manual hand wrapping
- Rugged steel construction for long-term reliability
- Photocell eye for automatic height detection

Standard Features

- Electronic screen with 'Soft Touch' control
- Variable film carriage and turntable speeds
- Forklift relocation slots
- Photocell eye for automatic height detection
- Automatic and Manual wrapping programs
- Soft-start and stop turntable drive
- Ramp can be fixed to the table at 3 different angles
- Includes pallet truck access ramp
- Adjustable friction brake stretch system
- Heavy-duty industrial chain driven turntable
- Safety crush prevention device fitted to carriage
- Standard 12 month warranty

Technical Data

Max height of wrapping: 2200 mm
 Ramp Size: 1070x1325mm (WxL)
 Max pallet size: 1200 x 1200 mm
 Turntable diameter: 1520 mm
 Turntable speed: 1-10 RPM
 Stretch film size: 500 mm
 Load capacity: 2000kg
 Power supply: 240v, single phase
 Warranty: 1 Year
 Machine weight: 450 kg

Removable ramp is supplied with all machines

Code	Details
OR1000	Orbitwrap Pallet Wrap Machine

Standard Plastic Export Pallet

Excellent pallets for one way use with no fumigation or heat treatment required.

- Suitable for food processing plants and pharmaceutical industries
- Passes all export regulations – ISPM -15 compliant
- Able to be hot washed, steam cleaned and chemically sterilised
- No nails or splinters
- Re-sell value after usage
- Material: Made from recycled plastic
- 2 types available – 2 way entry & 4 way entry

Plastic Mega Bins

The Nally MegaBin is the original Australian bulk bin. Designed for fruit and vegetable movement and retail high performance the Nally MegaBin is clearly the way of plastic bins in Australia.

Rounded corners and smoother interior surfaces results in less bruising and damage to your produce. Multiple vents in sides and base provide superior airflow so products cool faster adding valuable shelf life to your produce. The smooth, non-absorbent surface will not harbour or transfer mould, bacteria or disease carrying organisms.

Nally Megabins are up to 40% lighter in weight than wood bins and the weight is constant as they don't absorb moisture. This allows for increased freight efficiencies of 4-5%. In practice you are able to transport 2-3 extra bins of fruit per semi-trailer load.

- Available in both solid and vented
- Standard pallet size (1165mm x 1165mm)
- Fits on standard pallet racking
- Maximum load capacity: 500kgs

Mesh Stillage Transport Storage Cage

STORMAX

- Multi-purpose transport or storage cages which are great for storing products both indoor and outdoor
- Pallet Rack Safe – these cages have built in racking locators making it an ideal storage cage and safe storage on pallet racking
- Drop down removable front gate
- Rear gate hinges open for easy access to cage
- Cages can be stacked 3 high when loaded and 5 high unloaded
- Finish: Zinc plated
- Base to the top of the front gate when folded is 390mm (internally)
- Base to the top of the front and back gates is 780mm (internally)

Custom Stillage and Storage Cages

MHA offer a vast range of stillage cages for purchase. Our Storage Cages are an excellent form of warehouse and yard storage and designed to store long and awkward objects for easy transport. They help to improve workplaces as they can be stacked to make use of the vertical space in warehouses.

In addition to our vast range of Stillage Cages, MHA offer Custom Stillage and Storage Cages for purchase. Custom Stillage and Storage Cages provides an opportunity to create the best storage solution suited to your particular storage requirements. Whether you are after a cage with foldable sides, removable lid, pallet base or whatever size, MHA will ensure this is a possible result.

Our Custom Stillage Cages are made to suit a variety of industries such as retail, logistics, mining, industrial, construction, transportation and warehouse. MHA are able to provide custom made stillages cages in any colour and any size to suit your requirements.

Stackable Stillage Cage

These stackable stillage cages are an excellent form of warehouse and yard storage. Designed to store long awkward objects for easy transport, these units may be stacked to make use of the vertical space in your warehouse.

- Fits standard Australian size pallets including Chep and Loscam
- Can be safely stacked 3 high when in use
- Finish: Zinc plated
- Base Material Size: RHS 30x60x1.8mm
- Post Size: 60x2.5mm
- Cupped feet add an additional 100mm to the external size (50mm per side)
- Clearance between ground and bottom frame is 110mm
- Clearance between stillages when stacked is 1545mm

STORMAX

Pallet Racking End Protectors

Pallet Racking End Protectors are a highly effective solution for preventing damage to racking and inventory by forklifts.

No matter how good your forklift drivers are, there will always be sometime when an accident or mistake happens when they crash into the pallet racking. You can avoid major injuries and pallet rack damage by installing these protection guards.

Damage and failure not only cause serious safety issues but disassembling, repair, reassembling and reloading of pallet racks add significantly to running costs.

- Single Bay End Protector to suit 838mm frame
- Double Bay End Protector to suit 838mm frame + 430mm space + 838mm frame
- Conforms to relevant Australian Standards

11240

11241

Ladderweld Access Platform: Modular Access System

The Modular Access System is the latest innovation from Australia's #1 Ladder Brand that allows you to turn your Access Platform into a temporary work platform that is customizable to your specific shape, length and height requirements. The modular design allows the user to customize the platform length at variable heights and shapes that suit the specific application or purpose. This system also increases safety and efficiency in the workplace.

This system can be used for a variety of uses such as in transport industries, aviation/ aircraft maintenance, manufacturing/ process industries, heavy equipment maintenance, material handling/stock picking, warehousing, defense and mining industries.

- The Modular Access System allows the work platform to be built into right angled shapes
- Can be configured into any length work platform
- Platforms can be stepped up or down
- Highly manoeuvrable and light weight
- Features removable handrails for access to the work zone

The modular Access System is especially designed for high frequency and heavy duty use.

This product's 'fully welded' design is fabricated from heavy duty aluminium for maximum durability.

This system is industrial rated for use on commercial and industrial sites.

8 Tonne Heavy Duty Container Ramp

The R2905 container ramp is a heavy duty ramp for unloading containers of heavy products with a large forklift.

This ramp has been designed for fast positioning and removal with tine pockets on the side plus pop up tine slots in the top for front removal. The ramp has an enamel painted finish.

Comes standard with 100mm raised side plates which ensure the forklift remains on the ramp.

Code	Load Capacity (kg)	Width (mm)	Platform Height (mm)	Length (mm)	Top Fork Pocket Centres (mm)	Unit Weight (kg)
R2905	8000	2320	260	1800	518	410

8 Tonne Heavy Duty Container Ramp (Extra Long)

The R2908 extra long container ramp has an overall length of 3 metres (1.5 metres of which is horizontal) allowing easy placement and removal of the first and second line of pallets in a container.

This ramp has been designed for fast positioning and removal with tine pockets on the side plus pop up tine slots in the top for front removal. The ramp has an enamel painted finish.

Comes standard with 100mm raised side plates which ensure the forklift remains on the ramp.

Mobile Loading Dock/Container Ramp

- Features a large deck for entry between truck and trailer
- Quick setup to minimise wasted time
- Designed specifically for rough applications
- Maintenance-free design eliminates downtime
- Towing / Maneuvering; the ramp has fork pockets at the lower end for a forklift to enter and push into position
- Safety chain for the securing ramp to the trailer
- Galvanized reinforced metal grate, making it ideal in slippery weather conditions
- Constructed from strong materials allowing it to be used frequently
- Two solid filled tires fitted to assist with ramp relocation

Specifications

- Front Lip Length: 700mm
- Rear Lip Width: 2000mm
- Front Lip Width: 950mm
- Min / Max Height: 1060/1650mm
