

## Galvanised Mobile Pallet Base & Dolly Frame

- The Mobile Pallet Table Dollies allow users to quickly position the pallet elevator close to the loading/unloading area.
- The Mobile Dolly Base sits under a Pallet elevator for easy manual movement. Removing the handle drops the base to the ground, locking the Pallet elevator into position.
- The Mobile Dolly Handle is a strong and easy to use handle, which can be separated from the Base Frame and stored for later use.
- Handle Height can be adjusted from 600–900mm

Code	Overall Size with handle LxWxH (mm)	Overall Size without handle HxWxD (mm)
31035	1950x900x750	900x950x180

## ABOUT MHA PRODUCTS

At Manual Handling Australia (MHA), we have the largest range of manual handling and workplace materials handling equipment in Australia. This includes thousands of workplace and storage items suited to every workplace and lifting equipment and trolleys for almost every application. Our products aim to eliminate or reduce manual handling effort in the workplace, while boosting productivity and ensuring workplace safety.

MHA has over many years spent countless hours on product development and sourcing to ensure we can get products to make your workplace not only safer but more efficient.

MHA sources products from all over the world and sells them direct meaning there is no middle man or middle margin added giving you the best possible price and faster service. We also offer customised solutions with trolleys, lifters and many other materials handling equipment to ensure you have the perfect product to improve the safety and efficiency of your workplace.

MHA is dedicated to providing you with the highest quality products at the best possible price, with the best possible service. With a long and trusted reputation in the industry, MHA is a name you can rely on.
