

Concrete Kibble 1 cubic meter

This concrete kibble has been designed for easy transfer of concrete on site by an overhead crane. This lightweight, yet heavy duty kibble can be used for both bottom and side discharge, with the use of the adjustable chute.

The unit is lever operated from either side for easy flexible operation and heightened user control. Easily transport around a working environment or job site with it's included forklift pockets. This accessory helps facilitate safe and manageable pouring of concrete with an enamel painted finish in Safety Yellow.

- Safe Working Load (SWL) 3000kg
- Volume Capacity 1.0 cubic metres
- Painted 'Safety Yellow' enamel

Code	Safe Working Load (SWL)	Fork Pocket Size (mm)	Fork Pocket Centres (mm)	Unit Weight (kg)

ABOUT MHA PRODUCTS

At Manual Handling Australia (MHA), we have the largest range of manual handling and workplace materials handling equipment in Australia. This includes thousands of workplace and storage items suited to every workplace and lifting equipment and trolleys for almost every application. Our products aim to eliminate or reduce manual handling effort in the workplace, while boosting productivity and ensuring workplace safety.

MHA has over many years spent countless hours on product development and sourcing to ensure we can get products to make your workplace not only safer but more efficient.

MHA sources products from all over the world and sells them direct meaning there is no middle man or middle margin added giving you the best possible price and faster service. We also offer customised solutions with trolleys, lifters and many other materials handling equipment to ensure you have the perfect product to improve the safety and efficiency of your workplace.

MHA is dedicated to providing you with the highest quality products at the best possible price, with the best possible service. With a long and trusted reputation in the industry, MHA is a name you can rely on.
