

Stand-up Concrete Kibble

- The CKV Stand-up Concrete Kibble is designed for easy transfer of concrete on site by overhead crane.
- Fitted with a hydraulic power pack, this heavy-duty, high volume kibble allows the operator wireless remote control of concrete pours at a safe distance.
- Suits large scale concrete pours
- Fitted hydraulic power pack eliminates the need to manually operate kibble
- Fitted with a hydraulic operated 460 x 830mm clamshell gate
- Fork pockets fitted for transport around the work site
- Enamel paint finish

Code	Volume Capacity	Working Load Limit	Overall Size WxLxH (mm)	Filling Height (mm)	Unit Weight (kg)
CKV25	2.1	6000	1995x1695x1820	1670	164
