

## Low Profile Bunding Modular System

- Low profile, economical work tray to contain drips, spills and splashes
- Tough 100% polyethylene construction which stands up to rough usage
- Fits 4 x 205 litre drums
- Suitable for use with and without a timber pallet
- One-piece construction for maximum durability
- Underside is designed for standard pallet-racking beams
- Any spilled contents can be drained from one point
- Anti tip bars ensure the pallet does not tip even if it is unevenly loaded or forks are not properly inserted
- Capacity: Exceeds 110% capacity of a 205 litre drum

## ABOUT MHA PRODUCTS

At Manual Handling Australia (MHA), we have the largest range of manual handling and workplace materials handling equipment in Australia. This includes thousands of workplace and storage items suited to every workplace and lifting equipment and trolleys for almost every application. Our products aim to eliminate or reduce manual handling effort in the workplace, while boosting productivity and ensuring workplace safety.

MHA has over many years spent countless hours on product development and sourcing to ensure we can get products to make your workplace not only safer but more efficient.

MHA sources products from all over the world and sells them direct meaning there is no middle man or middle margin added giving you the best possible price and faster service. We also offer customised solutions with trolleys, lifters and many other materials handling equipment to ensure you have the perfect product to improve the safety and efficiency of your workplace.

MHA is dedicated to providing you with the highest quality products at the best possible price, with the best possible service. With a long and trusted reputation in the industry, MHA is a name you can rely on.
