

Bulk Dangerous Goods Stores (Outdoor)

- Relocatable bulk dangerous goods stores are an innovative alternative for immediate, safe, approved and efficient storage of large quantities of dangerous goods without the problems and expense of building fixed permanent stores
- Superior design features maintain handling efficiency whilst providing the ultimate weather protection for stocks of dangerous goods in confined or difficult environments
- Manufactured from heavy zinc coated sheet and steel sections finished with 2 pack polyurethane gloss finish for years of trouble free endurance for Australian conditions
- Each unit is constructed to the highest quality standards and exacting specifications, meeting or exceeding the requirements of AS 1940 – 2004

ABOUT MHA PRODUCTS

At Manual Handling Australia (MHA), we have the largest range of manual handling and workplace materials handling equipment in Australia. This includes thousands of workplace and storage items suited to every workplace and lifting equipment and trolleys for almost every application. Our products aim to eliminate or reduce manual handling effort in the workplace, while boosting productivity and ensuring workplace safety.

MHA has over many years spent countless hours on product development and sourcing to ensure we can get products to make your workplace not only safer but more efficient.

MHA sources products from all over the world and sells them direct meaning there is no middle man or middle margin added giving you the best possible price and faster service. We also offer customised solutions with trolleys, lifters and many other materials handling equipment to ensure you have the perfect product to improve the safety and efficiency of your workplace.

MHA is dedicated to providing you with the highest quality products at the best possible price, with the best possible service. With a long and trusted reputation in the industry, MHA is a name you can rely on.
