

Free Standing Pallet Inverters

The Premier free standing pallet inverter is the simpler and less costly option where forklifts are available and ground level loading is not essential. It has a loading capacity of 2000 kgs.

It is ideal for boxed, bagged or canned goods and is versatile enough to handle everything from yogurt and biscuits to bottles of wine or cement. There are 3 standard jaw opening sizes, however custom built sizes are available to suit your specifications, load weights and dimensions.

Uses Include

- Load transfer from wood to plastic or other hygienic pallets
- Recovery of damaged goods or broken boards from the bottom of the stack
- Switching to and from high quality in-house pallets
- Increased flexibility in pallet use enabling transfer to rental, expendable or customer pallets for distribution

Key Features

- Powder coated steel
- Made in the UK
- 180 degree free-standing inverter
- Loading capacity up to 2000 kilos (2 tonne)
- Single clamping table
- Loaded and relocatable by forklift truck
- Simple lever controls and attached guards
- Optional push button and automated controls plus floor fixed and photo-electric guarding
- All models fitted with dual hydraulic lever controls as standard.
- Extended individual push button controls, semi or fully auto-sequenced systems available as an option
- Operating Space (WxDxH): 1800x1200x2200mm
- Load Table Size (WxD): 1370x1220mm

Code	Capacity (kg)	Guard Weight (kg)	Power Supply	Motor Size	Unit Weight (kg)
FS1600	2000	175	3Ph/400v/ 15A	2.2KW	1700
FS1900	2000	175	3Ph/400v/ 15A	3.0KW	1850
