

The Edge – Electric Pallet Truck

- The function of driving with the handle in the vertical position helps when working in confined areas and with a short body length of only 380mm makes the truck extremely compact and ideal for use in retail stores, elevators and delivery vehicles.
- The handle of the truck is supported by an air spring and the handle returns to its vertical position smoothly.
- Strong and compact structure ensures extreme durability but with an overall unit weight of only 123kg
- The Edge pallet truck comes standard with a built in security function where a pin can be set and the pallet truck can only be used once the pin is entered making it ideal for use in retail stores only giving authorised staff members use of the machine.
- Emergency stop button with a horn and reverse signals
- Electric drive and electric lifting and lowering of the pallet.
- The Edge is equipped with a maintenance-free 24V/24Ah Lithium battery with optional different capacities for various applications; with its fast charging feature the Edge works as easy as a hand pallet truck and virtually maintenance free. The battery weighs only 4.6kgs making it ideal for quick battery change over so there is no downtime with charging.
- Lift Height: 115mm
- Turning Radius: 1330mm

Capacity up to **1500kg** and ability to overcome ramps up to **4/16%** (loaded/unloaded) makes the truck suitable for work in loading docks and on delivery operations in different conditions

Removable Lithium Battery

Pin can be set so only selected personnel can use the unit

Handle is supported by an air spring so that the handle returns smoothly to the vertical position
