

IBC Tilting Trolley

- The IBC Tilting Cart is designed from a sturdy steel construction to provide a secure tilting of containers for complete draining.
- To operate – place the container on the cart. When the container is in a secure position, start the draining process. As the fluid flows from the container, the rear of the cart will rise to 5 degrees creating an angle for a better release.
- The cart features casters for smooth transition from workstation to workstation.
- Nylon Castors (2 x swivel with brakes, 2 x fixed)
- Tilts up to 5 degrees
- Castors: 125mm

Code	Load Capacity (kg)	Overall Dimensions (mm)	Tipping Height (mm)	Unit Weight (kg)

ABOUT MHA PRODUCTS

At Manual Handling Australia (MHA), we have the largest range of manual handling and workplace materials handling equipment in Australia. This includes thousands of workplace and storage items suited to every workplace and lifting equipment and trolleys for almost every application. Our products aim to eliminate or reduce manual handling effort in the workplace, while boosting productivity and ensuring workplace safety.

MHA has over many years spent countless hours on product development and sourcing to ensure we can get products to make your workplace not only safer but more efficient.

MHA sources products from all over the world and sells them direct meaning there is no middle man or middle margin added giving you the best possible price and faster service. We also offer customised solutions with trolleys, lifters and many other materials handling equipment to ensure you have the perfect product to improve the safety and efficiency of your workplace.

MHA is dedicated to providing you with the highest quality products at the best possible price, with the best possible service. With a long and trusted reputation in the industry, MHA is a name you can rely on.
