# Retail Stock Movement Trolley
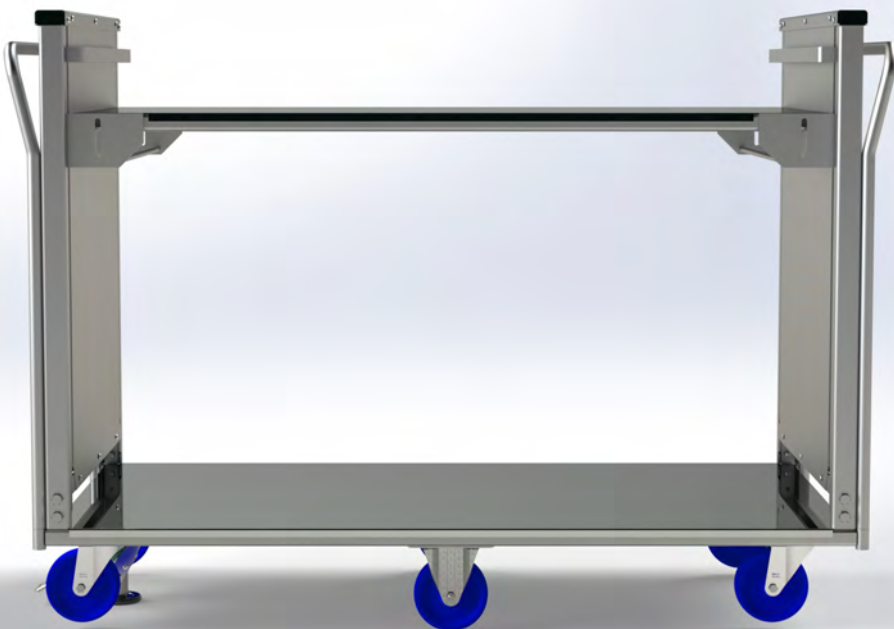

- Stackable trolley with a self leveling top shelf which dramatically reduces back injuries and strain as the load automatically increases in height as items are lifted off and lowers as items are loaded.
- The top shelf is self levelling at 0-250kg.
- At 200kg the top shelf will be at the lowest position which is 290mm above the bottom shelf allowing for empty crates to be stored underneath
- Internal Platform Size: 1200mm long x 585mm wide
- Overall Height: 1052mm
- Handle Height: 995mm
- Overall Width: 675mm
- Overall Length: 1525mm
- Bottom Platform Height: 200mm
- Top Platform Height: 890mm (highest position)
- Top Platform Height: 485mm (lowest position)
- Overall Load Capacity 400kg
- 4 x elastic rubber castor swivel castors diameter 125mm and 2 fixed centre wheels which allow for turning within its own length.
- Optional spring operated press foot floor brake
- Handles at both ends
- Unit Weight: 89kg

Product Code: LT2047CL
