

Bulky Goods Platform

The Bulky Goods Platform is engineered for the safe and efficient transport of bulky equipment, tools, and machinery. It offers a reliable solution for loading, moving, and unloading with minimal effort.

- Integrated ramp simplifies the process of loading and unloading heavy or oversized items
- Fork pockets fitted for transport and placement of skid by forklift
- Four lashing points provide secure restraint for varying load dimensions
- Kick plates help contain items securely within the platform area during movement
- Heavy-duty steel frame complete with safety chains to maintain load integrity in transit
- Checker plate, non-slip floor and ramp surface for improved traction and operator safety
- Strengthened base construction enhances resistance to wear and prolongs lifespan
- Powder coated finish in blue
