

Forklift Rollover Tipping Bin – 1100L (with Release Mechanism)

- The Forklift Rollover Tipping Bin features a release mechanism that connects to forklifts, making it ideal for safely transporting and unloading bulk materials.
- Commonly used in industries such as waste management, recycling, construction, and manufacturing, it's perfect for handling materials such as scrap, debris, and loose loads.
- The release mechanism ensures controlled tipping, enhancing both safety and efficiency by minimizing manual handling.
- Finish: Hot Dipped Galvanised
