

## Spring Loaded Drum Tilter

The Spring-Loaded Drum Tilter is designed to enable safe and efficient tilting, rotating, and pouring of drums or barrels. Commonly used in warehouses and industrial facilities, to handle heavy drums containing liquids, powders, or other materials with ease.

- 10° tilt angle allows for direct pouring from a standard 205L drum
- Features securing points which ensure the drum stays stable during transport and storage
- Integrated fork pockets allow for easy movement and positioning using a forklift
- Compact design makes it suitable for storage in pallet racking systems
- Zinc finish
- Tilting Range: 10°
