Deluxe Drum Cradle

- Heavy duty drum cradle with retractable handles for use on 210 litre steel drums
- Great for moving drums around the site and to lay drums into the side position.
- Durable zinc plated finish
- Capacity: 300kgs
- Single person operation
- Unit Weight: 14.5kgs
- Wheel Type: Nylon
- Overall Width: 370mm
- Overall Length: 1000mm
- Height: 450mm (horizontal)

### Safepour Decanting Cradle

- The Safepour is a safe, easy and cost effective tool to decanter liquids from steel and plastic drums.
- No more need to struggle with heavy drums of liquid and risk injuries with these safepour decanting cradles.
- Unique pivot point design enables accurate pouring to greatly reduce the risk of spills or wastage.
- Returns to safe position unaided when released by operator.
- Holds all common 15, 20 and 25 litre containers.
- Available in galvanised and powdercoated finish.

**Code** | **Description**  
---|---  
DL6897 | Safepour Decanter (suits most 15-25L drums) - Powdercoated  
DL6898 | Safepour Decanter (suits most 15-25L drums) - Galvanised

### Steel & Plastic Drum Trolley

- This drum trolley suits both steel and plastic 210 litre drums.
- Suits plastic drums with a top lip.
- Hydraulic handle pump which provides smooth easy lifting.
- Lifting Capacity: 250kg.
- Overall Dimensions: 820x800x1050mm (DxWxH).

**Code** | **Description**  
---|---  
DL7272 | Steel/Plastic Drum Trolley

### Steel Drum Palletiser

- Loads and unloads drums to and from the corner of a pallet.
- Suit steel drums with rim tops.
- Locking handle holds weight of drum for easy transport.
- Wheel Type: Polyurethane.
- Capacity: 365kg.
- Overall Size: 1160x1220x800mm (HxWxL).
- Unit Weight: 85kg.

**Code** | **Description**  
---|---  
DL7274 | Steel Drum Palletiser
**Steel & Plastic Drum Trolley**

- These drum trolleys are ideal for transporting both steel and plastic drums and are available in solid wheel and pneumatic wheels for rough and uneven ground.
- This trolley is also self-standing which means the operator can leave without drums falling over.
- Wheels: 400mm front, 75mm castors on the rear.
- Load Capacity: 450kg.
- Overall Size: 1050x700x750mm (HxLxW).

**Steel & Plastic Drum Lifter/Depalletiser**

- This drum trolley suits both steel and plastic 210 litre drums.
- Loads and unloads drums from the corner of a pallet and can also be used to lift and carry drums around the warehouse or yard.
- Spring loaded clamp grabs the drum rib with no manual input.
- The lifter has a brake to avoid rolling on slopped areas.
- Lifting Capacity: 400kg.
- Lifting Height: 1070mm.
- Overall Height: 1810mm.
- Unit Weight: 100kg.

Steel Drum Trolley

- This drum trolley allows easy removal of a drum from pallets
- The trolley can be placed under drum, then as you pull back the bottom wheels spring down to make it easy to pull the trolley backwards
- Wheel locking system which can be released from the hand lever via cable
- Load Capacity: 300kgs
- Trolley Height: 1540mm
- Trolley Width: 620mm
- Length: 800mm
- Unit Weight: 45kg

Drum Palletiser Stackers

- These drum palletisers stackers are great for loading and unloading both plastic and steel drums onto pallets
- Can also be used to stack drums on top of another drum or to place on a truck or ute
- DL6967 comes with a battery operated weighing scale which gives you accurate measurement of the drums weight

Specifications

- Load Capacity: 450kgs
- Max Lift Height: 1100mm
- Overall Height: 1870mm
- Overall Width: 950mm
- Overall Length: 1140mm
- Leg Length: 500mm
- Unit Weight: 135kg
Hydraulic Drum Truck

Easily transport steel drums with this drum truck

- Capacity: 365kg
- Max Arm Height: 390mm
- Min Arm Height: 270mm
- Radius of Arm: 270mm
- Overall Size: 1022x722mm (LxW)
- Unit Weight: 53kg

Low Profile Drum Trolley

- This drum trolley has a built in handle which is used for tilting the drum back to push the trolley under (as pictured).
- Handle has built in bung remover and seal remover
- Capacity: 500kg
- Overall Size: 950x570x750mm (HxDxW)
- Wheel Size: 150x50mm (front), 75x32mm (rear)
- Unit Weight: 17kg

Drum Dollies

- Drum dollies are suitable for both steel and plastic drums and containers
- Powdercoated and stainless steel options
- Heavy duty easy wheel castors
- 3 versions available

**Drum Tipper / Dumper**

- Fast and efficient solution to emptying 205 litre steel drums, ideally suited to waste and scrap products
- The drum is secured with the sturdy belly strap and locked in place with the over-centre catch and locking pin
- A rope draw chord is pulled from the driver’s seat to dump the drum where required. A custom locking mechanism is fitted to prevent accidental release while driving over bumpy ground
- Working Load Limit (WLL): 500kg
- Rotational ability 180 degrees
- Load centre: 1000mm
- Fork pocket size 185 x 65mm
- Pocket-centres 840mm
- Unit weight: 85kg

**Side Shift Drum Depalletiser**

The Drum Depalletiser is specially designed for moving drums and barrels from any position on a pallet. It uses a sliding side-shift arrangement allowing it to even be used for moving containers and drums placed in the centre of a pallet. The depalletiser straddles the pallet and only requires access to one side, thus allowing pallets in confined areas to be kept against the wall even when unloading. When moving the drum onto another pallet, scales or the floor, the drum can also be moved to either side using the side-shift arrangement.

- This unique design side shift drum depalletiser can pickup drums from any position on the pallet, skid or bund - straddles beside and over the pallet
- Suitable for both steel and plastic drums
- The operator requires only 12kg of force on the handle to lift a 300kg drum

**Specifications**

- Load Capacity: 350kgs
- Overall Height: 1320mm
- Overall Width: 1620mm
- Overall Length: 950mm
- Ground / Pallet Clearance: 350mm
- Max Lift Height: 575mm

Custom Made Drum Lifting Equipment

We can custom design and make drum lifting equipment specific to your particular requirements to eliminate back strains and injuries in the workplace.

360 degree rotating drum lifter

Customised forklift drum rotator

Hydraulic Drum Grab/Rotator

Chain Drum Rotator

Handle Operated Drum Rotator
Grip Girdle
Suits 210 litre drum handling in its standard construction. Can be adapted to Plastic or Fibre drum handling.

Standard Girdle
Suits 210 litre drum handling in confined areas, mezzanine floors or where “Lighter framed individuals” are involved in the drum handling process.

Rim Grip Girdle
Total drum handling. Suits Steel, Plastic and Fibre drums in varying sizes.

Stainless Steel Electric Drum Lifter

Stainless Steel Electric Side Grip Drum Lifter

Stainless Steel Electric Drum Lifter (with manual winder)

Multi purpose lifters which can be adapted with various options to suit steel and plastic drums.
