Self Levelling Shelf Trolley

LIFTEX

- This trolley has an innovative design in which the top platform automatically adjusts to maintain a safe working height as weight is added or taken off.
- Makes work operations faster, safer and more efficient by reducing manual exertion and bending.
- Ideal for use in supermarkets, liquor and hardware stores
- At 90kg, the platform is at the lowest position.
- Trolleys are nestable for compact storage
- Electro galvanised finish
- Rubber castors - 2 x swivel, 2 x swivel with brake

X-Cart Folding Plastic and Aluminium Trolley

- The X-Cart is a collapsible trolley that can be used for hundreds of applications.
- It is ideal for use in the workplace, schools, home, office, hospitals, courier services, shopping malls, nursing homes and much more!
- It can be completely collapsed by the push of a button on the handle. The wheels are able to be removed by the push of a button and stored underneath for compact transport and storage.
- The X-Cart is supplied with one collapsible basket which will lock into place on either the top or bottom platform.
- The top platform can be folded back to allow larger items to be transported if required.
- Extra baskets are available for use on both platforms or up to 4 baskets can be stacked on the bottom platform.
- A robust foot pedal brake allows the X-Cart to be locked in position whilst loading or unloading.
- The injection moulded plastic and aluminium design means that whilst the X-Cart is lightweight it is still very robust and has a great carrying capacity.
- The basket fits foolscap suspension files, which is great for transporting documents throughout the office.
- The X-Cart can also be used with our standard No.7, No.10, No.15 tubs

Specifications

- Total Trolley Capacity: 75kg
- Top Shelf Capacity: 25kg

Compact Ride-On Electric Materials Handling Tug

The Liftex ride-on compact electric tug is the ultimate manual handling solution designed for good's transport for trolleys and anything that is difficult to push or pull around in the hospital, aged care and industrial warehouse environments.

The Liftex Materials Handling Electric Towing Tug is a ride-on unit that doesn't compromise its small size for a ride. Its compact size allows it to be effective in confined spaces, whilst being able to turn on its self. With a very low centre of gravity, the risk of tipping is greatly reduced. Its two front steer wheels create exceptional stability across many rough surfaces.

Code	Push Capacity (kg)	Pull Capacity (kg)	Overall Size LxWxH (mm)	Wheel Base (mm)
LT6953	1200	1500	210x100x1340	4

1000kg Liftex Smart Tow Tug

Great for moving dollies, trolleys and roll cages throughout the warehouse, workshop or shopping centres etc.

Compact design which makes it extremely maneuverable and easy to transport in vehicles.

The smart and very compact design allows easy pulling operations in low duty applications on short distances.

Pulling supermarket trolleys, baggage carts or trailers is getting faster and efficient in supermarkets, factories, hospitals or airports.

Max. 1000kg towing force.

Easy to operate and smart design.

Easy battery exchange.

External charger.

Compact and robust drive axle.

Standard non-marking solid tires for different applications.

Adjustable tiller / Handle for safe ergonomics

Smooth acceleration, Step less speed control through electronic controller.

Battery discharge indicator protects the battery against deep discharges.

- Travel Speed: up to 6km/h
- Programmable speed controller
- Battery: 24v, 18Ah
- Motor: DC 24v, 300w
- Tyres: Solid - 250mm
- Handle Height: 650-1050mm (adjustable)
